

# Contents

## Fundamentals of Joining

### Fundamentals of Welding

*Chairperson: Thomas W. Eagar, Massachusetts Institute of Technology*

Energy Sources Used for Fusion Welding .....	3
Heat Flow in Fusion Welding .....	7
Fluid Flow Phenomena During Welding .....	19
Transfer of Heat and Mass to the Base Metal in Gas-Metal Arc Welding .....	25
Arc Physics of Gas-Tungsten Arc Welding .....	30
Power Sources .....	36
Fundamentals of Weld Solidification .....	45
Nature and Behavior of Fluxes Used for Welding .....	55
Shielding Gases .....	64
Solid-State Transformations in Weldments .....	70
Cracking Phenomena Associated With Welding .....	88
Characterization of Welds .....	97

### Fundamentals of Brazing and Soldering

*Chairperson: Mel M. Schwartz, Sikorsky Aircraft*

Introduction to Brazing and Soldering .....	109
Fundamentals of Brazing .....	114
Fundamentals of Soldering .....	126

### Fundamentals of Solid-State Welding

*Chairperson: Ray Dixon, Los Alamos National Laboratory*

Introduction to Solid-State Welding .....	141
Fundamentals of Metal and Metal-to-Ceramic Adhesion .....	143
Fundamentals of Friction Welding .....	150
Fundamentals of Diffusion Bonding .....	156
Fundamentals of Explosion Welding .....	160
Mechanical Properties of Soft-Interlayer Solid-State Welds .....	165

## Joining Processes

### Fusion Welding Processes

*Chairperson: Howard Cary, Hobart Brothers Company*

Shielded Metal Arc Welding .....	175
Gas-Metal Arc Welding .....	180
Flux-Cored Arc Welding .....	186
Gas-Tungsten Arc Welding .....	190
Plasma Arc Welding .....	195
Carbon Arc Welding .....	200
Submerged Arc Welding .....	202
Stud Arc Welding .....	210
Capacitor Discharge Stud Welding .....	221
Plasma-MIG Welding .....	223
Resistance Spot Welding .....	226
Projection Welding .....	230
Resistance Seam Welding .....	238

Flash Welding .....	247
Upset Welding .....	249
High-Frequency Welding .....	252
Electron-Beam Welding .....	254
Laser-Beam Welding .....	262
Electroslag and Electrode Gas Welding .....	270
Oxyfuel Gas Welding .....	281
Thermite Welding .....	291

### Solid-State Welding, Brazing, and Soldering Processes

*Chairperson: Randy Roper, EG&G Rocky Flats*

#### Solid-State Welding Processes

High-Temperature Solid-State Welding .....	297
Low-Temperature Solid-State Welding .....	300
Explosion Welding .....	303
Forge Welding .....	306
Cold Welding .....	307
Coextrusion Welding .....	311
Roll Welding .....	312
Friction Welding .....	315
Radial Friction Welding .....	318
Friction Surfacing .....	321
Ultrasonic Welding .....	324

#### Brazing Processes

Torch Brazing .....	328
Furnace Brazing .....	330
Induction Brazing .....	333
Dip Brazing .....	336
Resistance Brazing .....	339
Diffusion Brazing .....	343
Exothermic Brazing .....	345
Brazing With Clad Brazing Materials .....	347

#### Soldering Processes

Iron Soldering .....	349
Torch Soldering .....	351
Furnace and Infrared Soldering .....	353
Dip Soldering .....	356
Resistance Soldering .....	357
Laser Soldering .....	359
Hot Gas Soldering .....	361
Induction Soldering .....	363
Wave Soldering .....	366
Vapor-Phase Soldering .....	369

## Materials Selection for Joined Assemblies

### Material Requirements for Service Conditions

*Chairperson: R. David Thomas, Jr.*

Material Requirements for Service Conditions .....	373
--	-----

### Selection of Carbon and Low-Alloy Steels

*Chairperson: Bruce R. Somers, Lehigh University*

Introduction to the Selection of Carbon and Low-Alloy Steels .....	405
--	-----

Influence of Welding on Steel Weldment Soundness.....	408	Welding of Low-Alloy Steels.....	662
Influence of Welding on Steel Weldment Properties.....	416	Welding of Stainless Steels.....	677
<b>Selection of Stainless Steels</b>		Welding of Cast Irons.....	708
<i>Chairperson: John C. Lippold, Edison Welding Institute</i>		Welding of Aluminum Alloys.....	722
Introduction to the Selection of Stainless Steels.....	431	Welding of Nickel Alloys.....	740
Selection of Wrought Martensitic Stainless Steels.....	432	Welding of Copper Alloys.....	752
Selection of Wrought Ferritic Stainless Steels.....	443	Welding of Magnesium Alloys.....	772
Selection of Wrought Austenitic Stainless Steels.....	456	Welding of Titanium Alloys.....	783
Selection of Wrought Duplex Stainless Steels.....	471	Welding of Zirconium Alloys.....	787
Selection of Wrought Precipitation-Hardening Stainless Steels.....	482	Hardfacing, Weld Cladding, and Dissimilar Metal Joining.....	789
Selection of Cast Stainless Steels.....	495	<b>Practice Considerations for Resistance Welding &amp; High-Energy-Beam Welding</b>	
Dissimilar Welds With Stainless Steels.....	500	Procedure Development and Practice Considerations for Resistance Welding.....	833
<b>Selection of Nonferrous Low-Temperature Materials</b>		Procedure Development and Practice Considerations for Electron-Beam Welding.....	851
<i>Chairperson: William A. Baeslack III, The Ohio State University</i>		Procedure Development and Practice Considerations for Laser-Beam Welding.....	874
Selection and Weldability of Conventional Titanium Alloys.....	507	<b>Procedure Development and Practice Considerations for Solid-State Welding</b>	
Selection and Weldability of Advanced Titanium-Base Alloys.....	524	<i>Chairperson: Dan Hauser, Edison Welding Institute</i>	
Selection and Weldability of Heat-Treatable Aluminum Alloys.....	528	Procedure Development and Practice Considerations for Diffusion Welding.....	883
Selection and Weldability of Non-Heat-Treatable Aluminum Alloys.....	537	Procedure Development and Practice Considerations for Inertia and Direct-Drive Friction Welding.....	888
Selection and Weldability of Dispersion-Strengthened Aluminum Alloys.....	541	Procedure Development and Practice Considerations for Ultrasonic Welding.....	893
Selection and Weldability of Aluminum-Lithium Alloys.....	549	Procedure Development and Practice Considerations for Explosion Welding.....	896
Selection and Weldability of Aluminum Metal-Matrix Composites.....	554	<b>Practice Considerations for Brazing and Soldering</b>	
<b>Selection of Nonferrous High-Temperature Materials</b>		<i>Chairperson: Anatol Rabinkin, Metglas Products</i>	
<i>Chairperson: Raymond G. Thompson, University of Alabama</i>		Selection Criteria for Brazing and Soldering Consumables.....	903
General Welding Characteristics of High-Temperature Materials.....	563	Brazing of Cast Irons and Carbon Steels.....	906
Welding Metallurgy of Nonferrous High-Temperature Materials.....	566	Brazing of Stainless Steels.....	911
Postweld Heat Treatment of Nonferrous High-Temperature Materials.....	572	Brazing of Heat-Resistant Alloys, Low-Alloy Steels, and Tool Steels.....	924
Special Metallurgical Welding Considerations for Nickel and Cobalt Alloys and Superalloys.....	575	Brazing of Copper, Copper Alloys, and Precious Metals.....	931
Special Metallurgical Welding Considerations for Refractory Metals.....	580	Brazing of Aluminum Alloys.....	937
<b>Selection of Nonferrous Corrosion-Resistant Materials</b>		Brazing of Refractory and Reactive Metals.....	941
<i>Chairperson: S.J. Matthews, Haynes International Inc.</i>		Brazing of Ceramic and Ceramic-Metal Joints.....	948
Introduction to the Selection of Nonferrous Corrosion-Resistant Materials.....	585	Application of Clad Brazing Materials.....	961
Selection of Nickel, Nickel-Copper, Nickel-Chromium, and Nickel-Chromium-Iron Alloys.....	586	General Soldering.....	964
Selection of Nickel-Base Corrosion-Resistant Alloys Containing Molybdenum.....	593	Soldering in Electronic Applications.....	985
Selection of Cobalt-, Titanium-, Zirconium-, and Tantalum-Base Corrosion-Resistant Alloys.....	598	<b>Special Welding and Joining Considerations</b>	
<b>Weldability Testing</b>		<b>Special Welding and Joining Topics</b>	
<i>Chairpersons: Richard D. Campbell, Joining Services Inc. Daniel W. Walsh, California Polytechnic State University</i>		<i>Chairperson: Hendrikus H. Vanderveldt, American Welding Institute</i>	
Weldability Testing.....	603	Introduction to Special Welding and Joining Topics.....	1003
<b>Brazeability and Solderability of Engineering Materials</b>		Thermal Spray Coatings.....	1004
<i>Chairperson: Stephen Liu, Colorado School of Mines</i>		Underwater Welding.....	1010
Brazeability and Solderability of Engineering Materials.....	617	Welding for Cryogenic Service.....	1016
<b>Consumable Selection, Procedure Development, and Practice Considerations</b>		Welding in Space and Low-Gravity Environments.....	1020
<b>Practice Considerations for Arc Welding</b>		Joining of Organic-Matrix Composites.....	1026
<i>Chairperson: Damian Kotecki, Lincoln Electric Company</i>		Joining of Oxide-Dispersion-Strengthened Materials.....	1037
Welding of Carbon Steels.....	641	Composite-to-Metal Joining.....	1041
		Welding of Plastics.....	1048
		Intelligent Automation for Joining Technology.....	1057
		Corrosion of Weldments.....	1065
		<b>Joint Evaluation and Quality Control</b>	
		<i>Chairperson: Robin Gordon, Edison Welding Institute</i>	
		Overview of Weld Discontinuities.....	1073

Inspection of Welded Joints .....	1081
Weld Procedure Qualification .....	1089
Residual Stresses and Distortion .....	1094
Repair Welding .....	1103
Fitness-for-Service Assessment of Welded Structures .....	1108
Evaluation and Quality Control of Brazed Joints .....	1117
Evaluation and Quality Control of Soldered Joints .....	1124

**Modeling of Joining Processes**

*Chairperson: Kim Mahin, Sandia National Laboratories*

Numerical Aspects of Modeling Welds .....	1131
Characterization and Modeling of the Heat Source .....	1141
Validation Strategies for Heat-Affected Zone and Fluid-Flow Calculations .....	1147

**Cutting Processes**

*Chairperson: Lance R. Soisson, Welding Consultants Inc.*

Oxyfuel Gas Cutting .....	1155
Plasma Arc Cutting .....	1166
Air-Carbon Arc Cutting .....	1172
Mechanical Cutting for Weld Preparation .....	1178

<b>Safe Practices</b> .....	1189
-----------------------------	------

<b>Glossary of Terms</b> .....	1206
--------------------------------	------

<b>Metric Conversion Guide</b> .....	1216
--------------------------------------	------

<b>Temperature Conversion Table</b> .....	1218
---	------

<b>Abbreviations, Symbols, and Tradenames</b> .....	1221
---	------

<b>Index</b> .....	1225
